- Multi-year projects
- Remote liaison coordination
- Military Construction & Contingency Ops
- Horizontal & Vertical Design/Construction
- Private Commercial Design/Construction
- Subconsultant on large Public Contracts
- Projects large and small

## PUBLIC & PRIVATE PROJECTS

<b>Federal</b>		Having worked for eight years within the Portland District US Army Corps of Engineers in Design, Construction, and a tour to Afghanistan in 2011, our Principal and Owner has direct experience and understands the expectations within the Federal work process.
<b>Municipal</b>		We are a regional company—working inside of our local jurisdictional authorities such as the City of Portland, Oregon as a Prime contract holder for geotechnical work.
<b>Teaming</b>		We have teamed with larger Primes such as WSP and Kittelson & Associates to help make our bids more attractive, then work together for success after award.
<b>Private</b>		In addition to our Public projects, we continue to succeed with projects large and small in the Private Sector through National and Local developers.
